¹ **Can Measurements:** For round cans, the first set of digits indicates the diameter in 16ths of an inch (401 = 4 + 1/16"). The second set of digits indicates the height in 16ths of an inch (508 = 5 + 8/16"). For rectangular cans, the first set of digits indicates the depth of the base of the can in 16ths of an inch (207 = 2 + 7/16"). The second set of digits is the width of the base of the can (314 = 3 + 14/16"). The third set of digits indicates the height to the top doubleseam (300 = 3 + 0/16").
